

Session Program

28-29 Nov 2013

HIE-ISOLDE Workshop: The Technical Aspects

SC Linac-4 Safety

CERN, Globe of Science

Friday 29 November

14:30

SC Linac-4 Safety

Session | **Location:** CERN, Globe of Science | **Convener:** Joachim Voltaire

14:30–14:50 **A safety Overview of the HIE-ISOLDE Project**

Speaker

Ana-Paula Bernardes

14:50–15:10 **Radiation protection study for the HIE-ISOLDE project**

Speaker

Sandra Giron

15:10–15:30

Results of the Oxygen Deficiency Hazard analysis in the HIE-ISOLDE Tunnel

Speaker

Duy Phan

15:30–15:50

Experimental study of shock wave propagation due to ambient air inrush into vacuum beampipe

Speaker

Mr Mario Armin Hermann

15:50
