

## **Session Program**

**28-29 Nov 2013**

# **HIE-ISOLDE Workshop: The Technical Aspects**

## ***Design Study-3: infrastructure***

CERN, Globe of Science

# Friday 29 November

16:10

## Design Study-3: infrastructure

**Session** | **Location:** CERN, Globe of Science | **Convener:** Richard Catherall

16:10-16:40 **Status of RAON: New RIB Facility in Korea**

**Speaker**

Yong-Kyun Kim

16:40-17:00 **Design Study for the Target Area Ventilation**

**Speaker**

Andrea Polato

17:00-17:20 **Target area and new storage from FLUKA simulations**

**Speaker**

Leonel Morejon

17:20-17:40

**ISOLDE Dumps: Thermo-mechanical study of present situation and proposed design for the future**

**Speaker**

Valentina Venturi

17:40
