Report from Task 6.4

Thursday, 14 November 2013 09:00 (1 hour)

- Energy deposition studies : where we were (at last meeting) and where we are today
- Implementation of the geometry layout of the SC links in the LHC FLUKA geometry
- Particle fluence and energy deposition in the actual geometry (and in other options ?)
- Material studies: Irradiation exp. simulations
- Irradiation facilities

Presenters: BROGGI, Francesco (INFN - LASA Lab.); CERUTTI, Francesco (CERN); ESPOSITO, Luigi Salvatore (CERN)

Session Classification: WP6
