

Session Program

16-18 Oct 2013

Sixth TLEP Workshop

TLEP plenary

CERN, 4/3-006 - TH Conference Room

Wednesday 16 October

11:00

TLEP plenary: TLEP plenary

Session | **Location:** CERN, 4/3-006 - TH Conference Room

11:00-11:10 **Welcome**

Speaker
Sergio Bertolucci

11:10-11:25 **Future Circular Colliders Study**

Speaker
Dr Michael Benedikt

11:25-11:45 **The TLEP design study -- main questions to be addressed**

Speaker
Dr Roy Aleksan

11:45-12:15 **The tunnel**

Speaker
John Andrew Osborne

13:00

Thursday 17 October

14:00

TLEP plenary

Session | **Location:** CERN, 4/3-006 - TH Conference Room

14:00–14:20

TLEP power consumption and luminosity optimization

Speaker

m Koratzinos

14:20–14:50

Update on TLEP Polarization

Speakers

Alain Blondel, Uli Wienands

14:50–15:30

Pushing Luminosity of e+e- Colliders: the SuperKEKB project

Speaker

Yoshihiro Funakoshi

15:30–15:50

Coffee

15:50–16:25

Beam-Beam Studies for TLEP

Speaker

Simon White

16:25–16:55

Snowmass report

Speaker

Dr Mark Palmer

17:30

Friday 18 October

09:00

TLEP plenary: TLEP plenary

Session | **Location:** CERN, 4/3-006 - TH Conference Room**09:30–10:00 Theory summary****Speaker**

Jonathan R. Ellis

10:00–10:30 Experiment summary**Speaker**

Patrick Janot

10:30–11:00 Accelerator summary**Speaker**

Dr Jorg Wenninger

11:00–11:30 coffee**11:30–12:00 CEPC status and design study organisation****Speaker**

Huiping Geng

12:00–12:30 next steps for the TLEP study**Speaker**

Alain Blondel

13:10
