

# ACAT 2014

1-5 September 2014 Prague, Czech Republic

[www.particle.cz/acat2014](http://www.particle.cz/acat2014)

**1-5 September 2014**  
**ACAT 2014**

**Prague, Czech Republic**

Charles University in Prague  
Czech Technical University in Prague  
Institute of Physics AS CR  
Nuclear Physics Institute AS CR

16th International workshop on **Advanced Computing and Analysis Techniques in physics research (ACAT)**

The workshop builds bridges between computer science, experimental and theoretical physics in three topical areas:

- @ Computing Technology for Physics Research
- @ Data Analysis – Algorithms and Tools
- @ Computations in Theoretical Physics: Techniques and Methods

Although mainly focusing on high-energy physics, talks related to nuclear physics, astrophysics, laser and condensed matter physics, earth physics, biophysics, and others, are most welcome.

Previous workshops: Beijing, China, (2013) @ Uxbridge, UK, (2011) @ Jaipur, India, (2010) @ Erice, Sicily, Italy (2008) @ NIKHEF, Nederland, (2007) @ DESY, Germany, (2005) @ KEK, Japan, (2003) @ Moscow, Russia, (2002) @ Fermilab, USA, (2000) @ Heraklion, Crete, Greece (1999) @ Lausanne, Switzerland, (1996) @ Pisa, Italy (1995) @ Oberammergau, Germany (1993) @ La Londe Les Maures, France, (1992) @ Lyon, France (1990)
