

Update of Site Services

Pablo Saiz

ALICE-LCG Task Force weekly

17 July 2008

Update of site services

- Motivation:
 - Reduce the load on the central services (database and Proxy in particular)
- Changes in the site:
 - WN don't need access to the database
 - CM and PackMan don't keep a connection to the db
- Two new central services:
 - PackManMaster
 - MessagesMaster

Conclusions

- If 'alien -version' <v2-15.37
 - Please, update the installation:
alien login -exec packman install
psaiz@alien::v2_15
- Already done at FZK
