

Thursday 3 October

14:00

Correlation Observables and Perspectives

Location: University of Bergen, Room 359 (Bachelor Room), Institute of Physics and Technology, Allegaten 55, University of Bergen, Norway

14:00-14:45 D-D correlations - a tool to probe heavy quark showers

Speaker

Thorsten Renk

Location

University of Bergen, Room 359 (Bachelor Room), Institute of Physics and Technology, Allegaten 55, University of Bergen, Norway

14:45-15:00

Coffee

15:00-15:45

Heavy Flavour with ALICE Upgrade

Speaker

Andrea Rossi

University of Bergen, Room 359 (Bachelor Room), Institute of Physics and Technology, Allegaten 55, University of Bergen, Norway

15:45-16:30

Probe QCD matter with e-mu correlation with ALICE

Speaker

Hongyan Yang

University of Bergen, Room 359 (Bachelor Room), Institute of Physics and Technology, Allegaten 55, University of Bergen, Norway

16:30
