

File format, images and videos

Daniel Grunberger (daniel.grunberger@edpsciences.org)

AAHEP7 Information Provider Summit
(1-3 April 2014, Stony Brook University)

EDP Sciences

- Created in 1920 by physicists
- Owned nowadays by learned societies

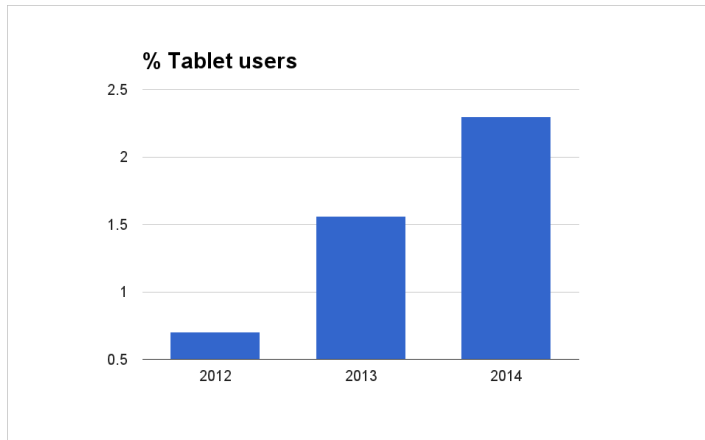

Portal dedicated to open access publications

- 8 open access journals
- Conferences proceedings
- Search engine to access all open access content published by EDP Sciences

- **ORCID**
 - display authors public data
 - added and checked by authors

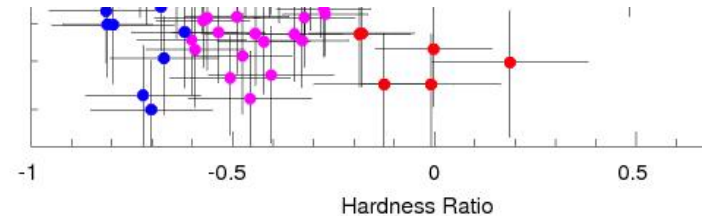

- **arXiv**
 - DOI - arXivID mapping tables provided to arXiv.org
 - link from the ePrint to the published article
 - added and checked by authors

ePUB format available

- ePUB 2
- iPad
- Enriched metadata
- “Send to my Kindle” button

- Retrieving data -> ADS Dexter embedded

[Open with DEXTER](#)

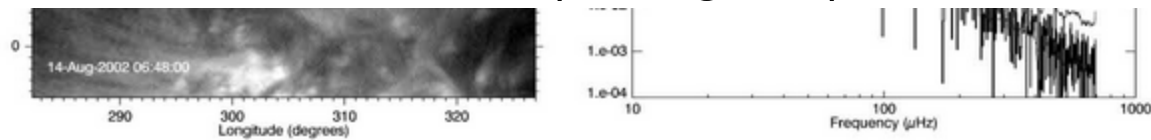

[Download original image](#)

HID between 0.3 – 2 keV and 2 – 10 keV EPIC bands. Flares are marked in cyan, dips with no soft dips in blue, and hard dips in red. Green points represent quiescence. (See electronic version)

- High res. figures -> dynamic thumbnails

- Movie formats

- 3 movie formats available (+ original)

Download Video: Formats: [mp4 \(4.4 MB\)](#) | [webm \(635.2 KB\)](#) | [ogg \(20.5 MB\)](#) | [Original mpeg \(18.2 MB\)](#)

- Dynamic thumbnails
- Automated process
