

ISOLDE Workshop and Users meeting 2013

Tuesday 26 November 2013

Structure Medium Mass Nuclei - The Globe (14:00 - 16:20)

-Conveners: Piet Van Duppen

time	[id] title	presenter
14:00	[51] The GRETINA science campaign at NSCL and FRIB status	GADE, Alexandra
14:30	[39] Overview of Miniball results combined with decay spectroscopy studies for middle-mass nuclei	RAPISARDA, Elisa
15:00	[14] Collectivity of 4+ states in heavy Zn isotopes	ZIELINSKA, Magdalena
15:20	[28] Multiple Coulomb Excitation of ^{72}Zn with MINIBALL at ISOLDE using a new Coulex silicon geometry	Mrs HELLGARTNER, Stefanie
15:40	[33] Fast timing studies of collective and single-particle features near ^{78}Ni	Prof. MACH, Henryk
16:00	[7] Search for tetrahedral states in Yb nuclei with N-90 through Coulomb excitation using HIE-ISOLDE and Miniball	Prof. PETRACHE, Costel
