

Discussion on LGAD and other detectors with Avalanche

Wednesday 13 November 2013 16:20 (30 minutes)

Discussion on measurements and the technology developed for the fabrication of Low Gain Avalanche Detectors (LGAD) for tracking applications.

Primary author: Dr PELLEGRINI, Giulio (CNM-IMB-CSIC (ES))

Presenter: Dr PELLEGRINI, Giulio (CNM-IMB-CSIC (ES))

Session Classification: Detectors with Charge Multiplication
