Recent results from the LUX dark matter search

Tuesday 15 April 2014 16:00 (20 minutes)

We will present recent results from the LUX experiment, including the first dark matter search results made public in November 2013, as well as the results of additional studies of relevance to the field.

Primary author: FIORUCCI, Simon (Brown University)

Presenter: FIORUCCI, Simon (Brown University)

Session Classification: Afternoon session
