

Session Program

26-27 Aug 2013

**LHC Working Group on Forward Physics and
Diffraction**

Low luminosity session

CERN, 40/S2-D01 - Salle Dirac

Monday 26 August

09:30

Low luminosity session

Session | **Location:** CERN, 40/S2-D01 - Salle Dirac

09:30–09:35 **Introduction**

Speakers

Christophe Royon, Mr Nicolo Cartiglia

09:35–09:40 **FWD Phys WG twiki**

Speaker

Tim Martin

09:40–10:10 **Possible measurements of soft diffraction using AFP**

Speaker

Oldrich Kepka

10:10–10:40

Soft hard correlations in pp scattering and searching for effects of the gluon field fluctuations

Speaker

Mark Strikman

10:40–11:05 **Coffee break**

11:05–11:35 **A standard interface to cosmic ray event generator CRMC**

Speaker

Dr Ralf Matthias Ulrich

11:35–12:05 **Forward and low pT jets (CMS)**

Speaker

Ilknur Hos

12:05
