

Session Program

26-27 Aug 2013

**LHC Working Group on Forward Physics and
Diffraction**

High luminosity session

CERN, 40/S2-D01 - Salle Dirac

Tuesday 27 August

09:30

High luminosity session

Session | **Location:** CERN, 40/S2-D01 - Salle Dirac

09:30–10:00 **Forward detectors in CMS**

Speaker

Mr Nicolo Cartiglia

10:00–10:30 **DPE jet measurement feasibility studies**

Speaker

Maciej Marek Trzebinski

10:30–11:00 **Coffee break**

11:00–11:20 **High xi background for Monopole/invisible objects searches**

Speaker

Christophe Royon

11:20–11:35 **Discussion: high xi background**

Speaker

Peter Skands

11:35–11:55 **Plans for low luminosity group**

Speakers

Lucian Harland Lang, Tim Martin

11:55–12:15 **Plans for medium luminosity group**

Speakers

Jochen Bartels, Paula Collins

12:15–12:35 **Plans for high lumi group**

Speakers

Antoni Szczurek, Jonathan Jason Hollar

12:35–13:05 **Discussion**

13:05
