

Welcome to EDS Blois 2013!

15th Workshop
on
Elastic and Diffractive
Scattering
(EDS Blois Workshop)

Saariselkä, Finland

9.-13.9.2013

The northern most place

We are here!

- 250 km above arctic circle
 - Midnight sun
23.5.-20.7
 - Polar night
4.12.-8.1
- One of the most vibrant autumn colors
- With luck, you can see northern lights

Scientific program

	Monday	Tuesday	Wednesday	Thursday	Friday
Morning	Total and elastic scattering	Soft diffraction	CEP and new physics with rapidity gaps	Ultra-peripheral physics	Cosmic rays
Afternoon	Low-x QCD	Hard diffraction		Heavy ions	

Lunch served between sessions

Coffee breaks in the middle of sessions

Social program

	Monday	Tuesday	Wednesday	Thursday	Friday
Event	Welcome drink 19:00-20:00		Conference excursion 14:30->	Conference dinner 19:00->	

Social program

	Monday	Tuesday	Wednesday	Thursday	Friday
Event	Welcome drink 19:00-20:00		Conference excursion 14:30->	Conference dinner 19:00->
