

# EDS Blois 2013: The 15th conference on Elastic and Diffractive scattering

## Monday, 9 September 2013

### Low-x QCD (15:00 - 16:30)

-Conveners: Christophe Royon; Larry McLerran

time	[id] title	presenter
15:00	[51] Low-x results from HERA	KOWALSKI, Henri Paul
15:25	[52] New results on possible higher twist contributions in proton diffractive structure functions at low x	SADZIKOWSKI, Mariusz
15:45	[53] Models of the hadron structure and data of the TOTEM Collaboration	SELYUGIN, Oleg
16:05	[54] LHCf results	ADRIANI, Oscar

### Low-x QCD: Low-x QCD (17:00 - 18:15)

-Conveners: Christophe Royon; Larry McLerran

time	[id] title	presenter
17:00	[55] BFKL tests at hadronic colliders	ROYON, Christophe
17:25	[56] Low x QCD from CMS	MISIURA, Maciej
17:50	[57] ATLAS measurement of energy flow at low x	SYKORA, Tomas
