

EDS Blois 2013: The 15th conference on Elastic and Diffractive scattering

Tuesday 10 September 2013

Soft diffraction (09:00 - 10:30)

-Conveners: Marek Tasevsky; Alessandro Papa

time	[id] title	presenter
09:00	[62] Recent soft diffraction results from HERA	VALKAROVA, Alice
09:20	[13] Totem results on soft diffraction	OLJEMARK, Fredrik
09:40	[9] ATLAS results on soft diffraction	MONZANI, Simone
10:00	[10] CMS results on soft diffraction	Prof. GOULIANOS, Konstantin

Soft diffraction: Soft diffraction (11:00 - 13:00)

-Conveners: Marek Tasevsky; Alessandro Papa

time	[id] title	presenter
11:00	[11] LHCb results on soft diffraction	MEISSNER, Marco
11:20	[14] Wilson loop correlators on the lattice and the asymptotic high-energy behaviour of hadronic total cross sections	GIORDANO, Matteo
11:40	[15] Low missing mass single and double diffraction dissociation at the LHC	JENKOVSZKY, Laszlo
12:00	[16] s And t Unitarity Screening As A fundamental Ingredient In Soft Scattering	MAOR, URI
12:20	[17] Phenomenology of single and double diffraction dissociation	Prof. GOULIANOS, Konstantin
