

XXX-th International Workshop on High Energy Physics “Particle and
Astroparticle Physics, Gravitation and Cosmology: Predictions, Observations
and New Projects”

Contribution ID: 26

Type: **not specified**

Probing the QCD phase boundary by fluctuations of conserved charges

Tuesday 24 June 2014 15:20 (25 minutes)

Presenter: MORITA, Kenji (Kyot University)

Session Classification: QCD & general QFT
