

XXX-th International Workshop on High Energy Physics “Particle and  
Astroparticle Physics, Gravitation and Cosmology: Predictions, Observations  
and New Projects”

Contribution ID: 26

Type: **not specified**

## Probing the QCD phase boundary by fluctuations of conserved charges

*Tuesday, 24 June 2014 15:20 (25 minutes)*

**Presenter:** MORITA, Kenji (Kyot University)

**Session Classification:** QCD & general QFT
