

XXX-th International Workshop on High Energy Physics “Particle and
Astroparticle Physics, Gravitation and Cosmology: Predictions, Observations
and New Projects”

Contribution ID: 21

Type: **not specified**

Vector meson production in ultra-peripheral pp, pA and aa collisions at the LHC

Tuesday, 24 June 2014 11:50 (25 minutes)

Presenter: Prof. JENKOVSKY, Laszlo (BITP, Kiev)

Session Classification: Diffractive physics
