

XXX-th International Workshop on High Energy Physics “Particle and Astroparticle Physics, Gravitation and Cosmology: Predictions, Observations and New Projects”

Tuesday, 24 June 2014

QCD & general QFT - Conference Hall (14:25 - 16:05)

time	[id] title	presenter
14:25	[23] QCD results from ATLAS and CMS	LEYTON, Michael
14:55	[24] Perturbative QCD at HERA	GLADILIN, Leonid
15:20	[26] Probing the QCD phase boundary by fluctuations of conserved charges	MORITA, Kenji
15:45	Coffee break
