

XXX-th International Workshop on High Energy Physics “Particle and Astroparticle Physics, Gravitation and Cosmology: Predictions, Observations and New Projects”

Wednesday 25 June 2014

History of physics - Conference Hall (15:00 - 16:10)

time	[id] title	presenter
15:00	[33] How far can a pragmatist go into quantum theory? A critical view of our current understanding of quantum phenomena.	Dr SANZ, Angel
15:40	[91] Half a Century with Quarks	PETROV, Vladimir
