

Session Program

5-9 Jun 2008

Heavy Quarks and Leptons (HQ&L2008)

Semileptonic

School of Physics, The University of Melbourne, Laby theatre
School of Physics (David Caro Building) The University of Melbourne VIC 3010 Australia

Sunday 8 June

14:25

Semileptonic

Session |

Location: School of Physics, The University of Melbourne, Laby theatre, School of Physics (David Caro Building) The University of Melbourne VIC 3010 Australia

14:25-14:50

B to tau semileptonic and leptonic decays

Speaker

Matthew Barrett

14:50-15:15

Progress in lattice QCD

Speaker

Tetsuya Onogi

15:15-15:40

Ke2 measurements and Lepton Flavour Universality

Speaker

Tommaso Spadaro

15:40

16:10

Semileptonic

Session |

Location: School of Physics, The University of Melbourne, Laby theatre, School of Physics (David Caro Building) The University of Melbourne VIC 3010 Australia

16:10-16:40

D decays and form factors

Speaker

Roy Briere

16:40
