

HERA and the LHC

Thursday, 29 May 2008

PDFs: Soft gluon resummation - 40-S2-A01 (09:00 - 10:45)

time	[id] title	presenter
09:00	[9] Threshold resummation of Drell-Yan rapidity distribution	BOLZONI, Paolo
09:30	[10] Threshold resummation from effective field theory	NEUBERT, Matthias
10:00	[11] Prescription dependence of soft gluon resummation	RIDOLFI, Giovanni
10:30	coffee break	

PDFs: Higher order and lattice calculations - 40-S2-A01 (10:45 - 12:45)

time	[id] title	presenter
10:45	[14] Heavy to light transition operator matrix elements at $O(a_s^2)$	KLEIN, Sebastian
11:15	[103] Parton distributions from lattice calculations	RENNER, Dru
11:45	[132] Finite-mass corrections to NNLO Higgs production	MARZANI, Simone
12:15	[166] Discussion on the structure of the proceedings	ALL
