

Session Program

26-30 May 2008

HERA and the LHC

Diffraction

CERN

Thursday 29 May

09:00

Diffraction

Session | Location: CERN, 40-S2-B01

09:00-09:25 **Exclusive dilepton production with CMS**

Speaker

Jonathan Hollar

09:30-09:55 **Diffraction and Forward Physics with TOTEM**

Speaker

Ken Osterberg

10:00-10:25 **Update on the AFP project at 220 m in ATLAS**

Speaker

Christophe Royon

10:30-11:00 **break**

11:00-11:25 **The ALFA detector: status and physics program**

Speaker

Karl-Heinz Hiller

11:30-11:55 **CASTOR Calorimeter - Physics and Status**

Speaker

Kerstin Borras

12:00-12:25 **Diffraction physics in ALICE**

Speaker

Rainer Schicker

12:30
