

**Session Program**

**26-30 May 2008**

**HERA and the LHC**

***Diffraction***

CERN

# Wednesday 28 May

09:00

## Diffraction

Session | Location: CERN, 40-S2-D01

09:00-09:40 **Vector meson production and DVCS (exp. results)**

**Speaker**

Pierre Marage

09:45-10:10 **Fits of the small-x gluon from J/Psi data**

**Speaker**

Thomas Teubner

10:15-10:45 **break**

10:45-11:25 **Review on parton saturation**

**Speaker**

Krzysztof Golec-Biernat

11:30-11:55 **Exclusive diffractive processes within the dipole picture**

**Speaker**

Graeme Watt

12:00
