

**ABSTRACT:**

ETM develop, market and service the most powerful, independent and open SCADA software **SIMATIC WinCC Open Architecture** for customers with highest demands and the need for a long term relationship. ETM is working together with CERN in the openlab. The CERN openlab is a unique public-private partnership between CERN and leading ICT companies. Its mission is to accelerate the development of cutting-edge solutions to be used by the worldwide LHC community. There are great benefits through this partnership for both partners
