**Report of Abstracts**

Abstract ID : **120**

## Searching for New Physics

### Abstract content

Status: A discussion on the different types of searches at the LHC as well as the pros and cons of various search strategies. Discovery versus limit setting, bump hunts versus cut-and-counts, and of course, lots of examples of how not to go about doing things. Some discussion about the various theories involved in motivating searches will be touched upon as well.

### Summary

**Primary author(s)** : CHOU, John Paul (Rutgers, State Univ. of New Jersey (US))

**Presenter(s)** : CHOU, John Paul (Rutgers, State Univ. of New Jersey (US))
