ID Day

Hope to maximise information exchange and overlap between the different ID sub-detector communities, and between the detector, offline software and tracking performance communities

ID Weeks in 2014

- ID Day Friday 7th February
 - The day immediately preceding ATLAS Week
- 19th – 23rd May
 - ID Commissioning Workshop on Monday 19th May
 - ID Week 19-23rd May
 - Uncoupled with ATLAS or upgrade weeks. Chosen because the pixel/IBL installation should be completed and commissioning is underway
- 13th – 17th October
 - ID Week, with commissioning workshop on Monday
 - Directly after ATLAS week at CERN
