

AMICSA 2014 - Fifth International Workshop on Analogue and Mixed-Signal Integrated Circuits for Space Applications

Monday 30 June 2014

Need and Requirements for Radiation Hardened Analogue and Mixed-Signal ICs - 503/1-001 - Council Chamber (09:30 - 10:30)

-Conveners: Boris Glass

time	[id] title	presenter
09:30	[37] Strategy for Radiation Tolerance Assurance of the A&T Electronic Equipment	Dr SPIEZIA, Giovanni
09:50	[1] Creating and Updating Standards for New Analog and Mixed-Signal ICs for Space Missions	Mr AGARWAL, Shri
10:10	[20] Assessment of Mixed Signal Technology	BIGONGIARI, Franco
