**For good... and worse..**

# Perceptual Gaps

Differences in perspectives that team members have  
- come from the differences in education and personalities

Perceptual gaps between team members from diverse  
functions exist and can be leveraged for positive progress!

- help provide the trade-offs that make products innovative,  
yet affordable and produced on time

Note! **Recognize where differences lie and  
why those differences exist.**

# Quick Challenge

Now, please draw a picture of  
*the person sitting next to you.*

**Time: 60 sec.**

# Embrace the Differences

- Remember to have fun, be playful
- Develop your own language and symbols
- Respect each other professionally and focus on the task

**Create a team atmosphere that supports team focus, the capability to solve the problem, trust among each other, and open communication channels with which to discuss conflict.**

# Quick Challenge

Now, please make a paper airplane of your drawing paper.  
Time: 30 sec.
