

HLT for RUN III

- **Schedule**
 - **week 16 (April 14): TPC krypton run**
 - **week 17 (April 21): TPC krypton run**
 - **week 19 (May 5): start of cosmic run without field**
 - TPC, PHOS, TRD, Dimuon, ...
 - **week 21 (May 19): cosmic run with field**
- **What is missing**
 - **Do we (and offline) need the electronics configuration parameters?**
 - » **Example:**
ALTR0 zero-suppression parameters in order to correct for signal loss due to the missing tails
 - **How to get the parameters into HLT at the beginning of a run?**
 - ...
