2-7 Jun 2014

**Large Hadron Collider Physics (LHCP)
Conference**

Parallel: Electroweak 1

Columbia University, New York, USA

Monday 2 June

13:45

Parallel: Electroweak 1

Session |
Location: Columbia University, New York, USA, Lerner Hall (1st Floor): Roone Arledge Auditorium (West) |
Conveners: Ping Tan, Marc-Andre Pleier, Al Goshaw

13:45-14:03 **Electroweak Physics at the Tevatron**

Speaker
Hang Yin

14:03-14:21 **Electroweak physics at LHCb**

Speaker
Simone Bifani

14:21-14:39 **Production of single bosons and electroweak physics at the LHC**

Speaker
Dimitra Tsionou

14:39-14:57 **W and Z studies at CMS**

Speaker
Hwi Dong Yoo

14:57-15:15 **Electroweak Chiral Lagrangian with a Light Higgs and photon photon--> WL WL, ZL ZL at the One-Loop Level**

Speaker
Juan Jose Sanz-Cillero

15:15-15:30 **Discussions**

15:30
