

# IPv6 at ATLAS

## status and plans

Alastair Dewhurst

# Status

- Alastair Dewhurst took role for ATLAS on IPv6 Task Force November 2013.
- Very little done by ATLAS up until then.
- Other VOs (CMS in particular) are significantly further ahead.
- Will focus on ATLAS specific use cases
- Make use of CMS load test

# Plans and Prospects

- First goal to functionally test ATLAS DDM transfers.
- In discussion with UK sites about setting up DDM Endpoint.
- Plan to report initial results at IPv6 F2F meeting at CERN, January 23/24th.
- Longer term plans to test Panda infrastructure.
