LSA & Safety

Friday 7 March 2008 09:30 (30 minutes)

Introduction (motivation for RBAC and MCS)
What's involved in making a property critical?
How we manage maintenance of RBAC roles and MCS definitions?
How do we ensure that configuration in LSA DB is in sync with Front-end?

Presenters: KAIN, Verena; SLIWINSKI, Wojtek

Session Classification: Session 6 - Readiness of Controls
