

# LHCb activities with DT2/CI involvement

Burkhard Schmidt

# VELO project

# VELO project

# RICH project

- Installation and commissioning of HPD columns

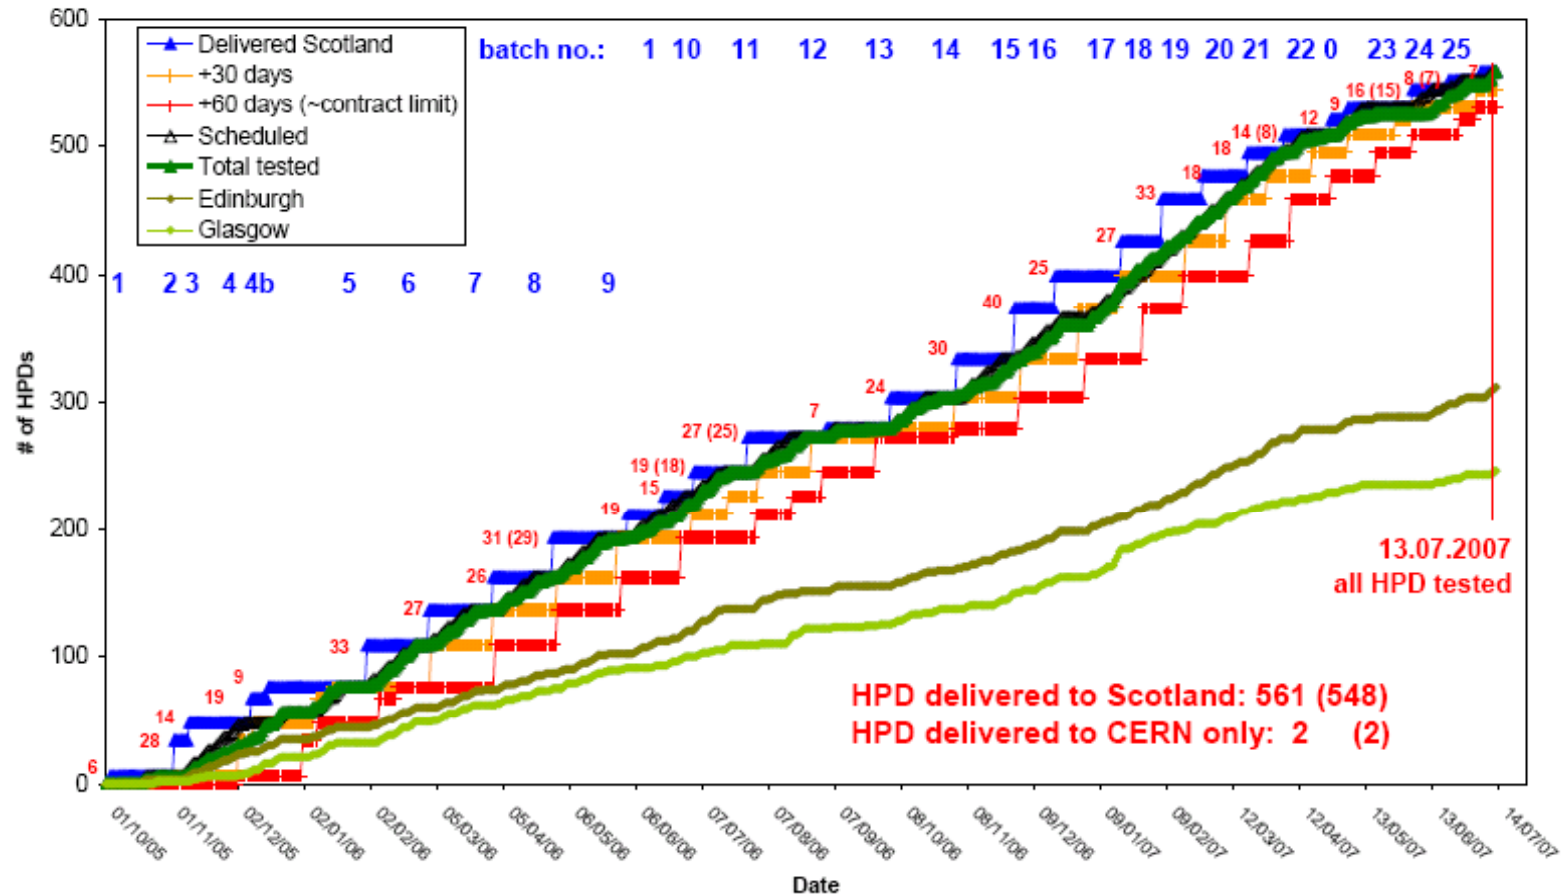

# HPD project

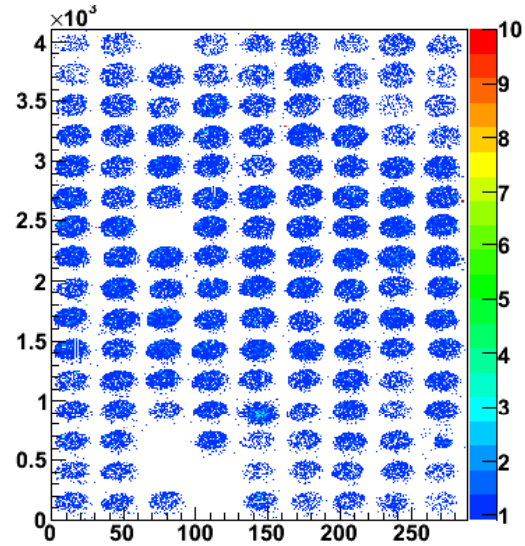

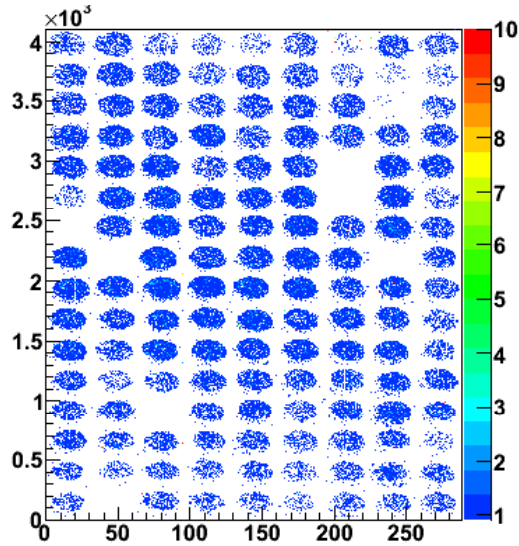

- HPDs have a very good quantum efficiency (QE)
- ALL 550 HPDs (484 + 66 spares) fully tested !

## HPD tests at PDTFs - Edinburgh & Glasgow

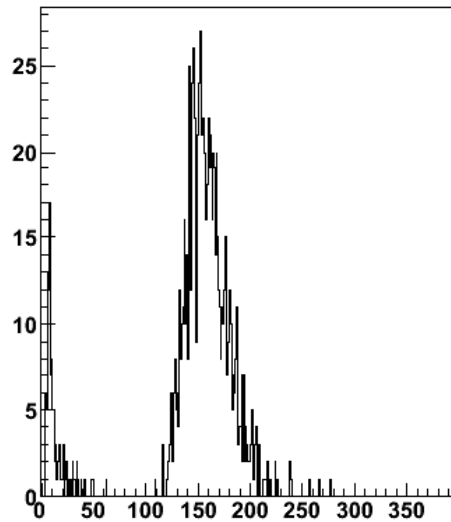

# RICH 2 commissioning

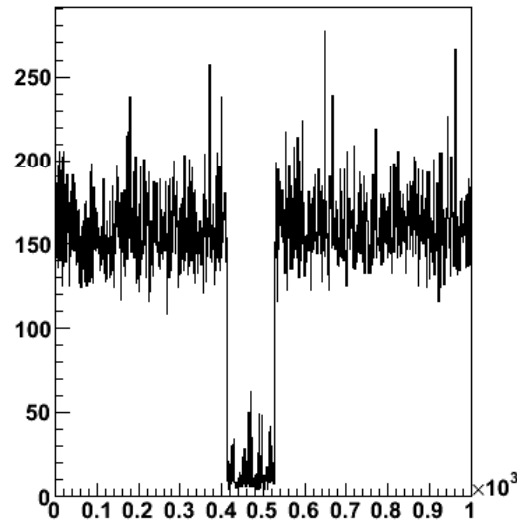

Run with pulsed laser on

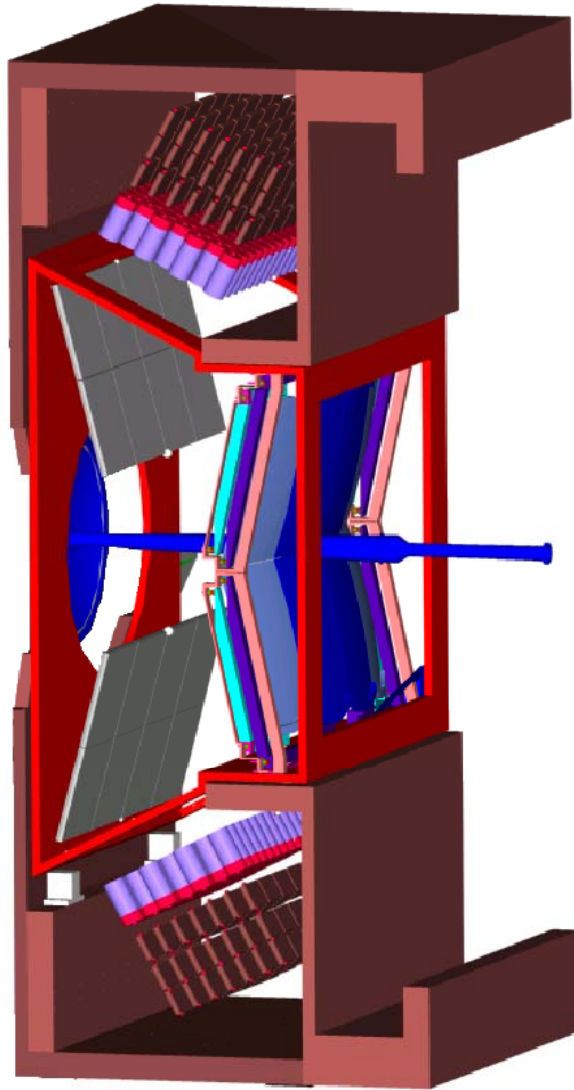

D/RichMonitor/ComMon/ALL-Inclusive

H1D/RichMonitor/ComMon/ALL-Trend

# RICH 1 project

Mirrors

Columns

# Calorimeter project

Cable and cooling chains  
Moving of the Calo detectors

# Muon Project

- Chamber installation and alignment
- Cabling and HV system installation and commissioning

# Muon chamber Investigations
