

## 3rd Workshop on Advanced Silicon Radiation Detectors (3D and P-type Technologies)

Contribution ID: 22

Type: **not specified**

# Modelling and comparison with data of CCE in 3D and planar detectors

*Tuesday, 15 April 2008 18:00 (30 minutes)*

Formulae that describe the fluence and geometry dependence of the charge collection efficiency in 3D and planar detectors will be described and compared with data.

**Primary author:** Prof. WATTS, Stephen (University of Manchester)

**Co-author:** Dr DA VIA, Cinzia (University of Manchester)

**Presenter:** Prof. WATTS, Stephen (University of Manchester)

**Session Classification:** 3D Detectors 2
