

# 3rd Workshop on Advanced Silicon Radiation Detectors (3D and P-type Technologies)

## Monday, 14 April 2008

### P-type strip detectors 2 (14:30 - 16:00)

time	[id] title	presenter
14:30	[2] Development of silicon microstrip sensors in 150 mm p-type wafers	UNNO, Yoshinobu
15:00	[5] Systematic measurements of p and n type diodes irradiated with protons, pions and neutrons	KRAMBERGER, Gregor
15:30	[6] Radiation effects in p-type silicon diodes irradiated with protons and neutrons	CINDRO, Vladimir
