

EPS - Technology and Innovation Group - Advanced Radiation Detectors for Industrial Use

Tuesday, 12 November 2013

Presentation by Industries - "Nullo Baldini" (12:15 - 14:30)

Presentation by Industries: New high throughput, large area Silicon Drift Detectors - "Nullo Baldini" (12:15 - 12:30)

-Conveners: Juergen Knobloch

Presentation by Industries: New Silicon Photomultipliers with very high proton detection efficiency - "Nullo Baldini" (14:00 - 14:15)

-Conveners: Werner Hartinger

Presentation by Industries: PIXIRAD: a new X-Ray imaging system based on chromatic photon counting technology - "Nullo Baldini" (14:15 - 14:30)

-Conveners: Rolando Bellazzini
