

Measurement of Longitudinal Spin Asymmetries for Weak Boson Production in Polarized Proton-Proton Collisions at STAR

Tuesday 21 October 2014 16:15 (15 minutes)

Author: ZHANG, Jinlong (Shandong University/Brookhaven National Laboratory)

Presenter: ZHANG, Jinlong (Shandong University/Brookhaven National Laboratory)

Session Classification: Parallel-IV

Track Classification: S2: Spin Structure of Nucleon (longitudinal)
