

# The 21st International Symposium on Spin Physics (Spin2014)

## Monday, 20 October 2014

### Plenary Session II (Chair: Thomas Roser) (10:30 - 12:00)

time	[id] title	presenter
10:30	[193] Beam Polarization at the ILC: Physics Case and Realisation	VAUTH, Annika
11:00	[194] Production of High Nuclear Spin Alignment of Radioactive Ion Beams	UENO, Hideki
11:30	[195] Physics with Polarized Targets in Storage Ring	TOPORKOV, Dmitriy
