

Session Program

7-12 Sept 2014

Quark Confinement and the Hadron Spectrum XI

Parallel III: C2 Heavy Quarks

St. Petersburg

Tuesday 9 September

14:00

Parallel III: C2 Heavy Quarks: e^+e^-

Session | Location: Petrov-Vodkin 3 | Convener: Joan Soto

14:00–14:25

Recent results on charmonium-like spectroscopy and transitions at Belle

Speaker

Prof. Chengping Shen

14:25–14:50

Bottomonium spectroscopy at Belle

Speaker

Umberto Tamponi

14:50–15:20

Primary and secondary production of heavy quarks in final state jets

Speaker

Vicent Mateu

15:20–15:45

semileptonic B decays

Speaker

Dr Ricciardi Giulia
