

Session Program

7-12 Sept 2014

Quark Confinement and the Hadron Spectrum XI

Parallel I: A2 Vacuum structure and confinement

St. Petersburg

Monday 8 September

16:30

Parallel I: A2 Vacuum structure and confinement

Session | Location: Petrov-Vodkin 1 | Convener: Dr Victor Petrov

16:30-17:00

Reformulations of the Yang-Mills theory toward quark confinement and mass gap

Speaker

Prof. Kei-Ichi Kondo

17:00-17:30

Discriminating between two reformulations of SU(3) Yang-Mills theory on a lattice: Abelian monopole or non-Abelian monopole responsible for confinement

Speaker

Akihiro Shibata

17:30
