

Session Program

7-12 Sept 2014

Quark Confinement and the Hadron Spectrum XI

Parallel I: A3 Vacuum structure and confinement

St. Petersburg

Friday 12 September

16:20

Parallel I: A3 Vacuum structure and confinement

Session | Location: Petrov-Vodkin 1 | Convener: Manfred Faber

16:20–16:50

Magnetohydrodynamics, charged currents and directed flow in heavy ion collisions

Speaker

Umut Gursoy

16:50–17:20

Research on Event Search

Speaker

Andrey Ustyuzhanin

17:20–17:50

The confining baryonic Y-string on the lattice

Speaker

Ahmed Bakry

18:00
