

Session Program

17-21 Jun 2014

FLASY 2014 - Fourth workshop on flavour symmetries and consequences in accelerators and cosmology

Afternoon Session 1A - Chair: J. Martin Camalich

University of Sussex, Fulton Building, Lecture Theatre B
Department of Physics and Astronomy Pevensey 2 Building University of Sussex Falmer Campus Brighton BN1 9QH

Wednesday 18 June

13:40

Afternoon Session IA - Chair: J. Martin Camalich

Session | **Location:** University of Sussex, Fulton Building, Room 113 (first floor)

13:40–14:00

Radiative generation of quark masses and mixing angles in the 2HDM

Speaker

Ana Solaguren-Beascoa

14:00–14:20

Lepton Mixing Predictions from $\Delta(6n^2)$ groups and Generalised CP

Speaker

Mr Thomas Neder

14:20–14:40

Large lepton mixing originating from the right-handed sector

Speaker

Mr Erik Schumacher

15:00

14:40–15:00

Extra time
