Usage of cars with/without CERN logo

- **EP cars** - without CERN logo
  - within CERN circulation perimeter
  - inside local area with Job Orders

- **CERN cars** - with CERN logo
  - are provided for special missions outside the local area
  - Special missions are explicitly for the transport of experimental or test material to an outside institute or company; if undertaken by CERN users, they must be justified by the Technical Coordinator (or equivalent) of the collaboration. A specific Job Order will be issued to the driver(s) for the mission.
