(T1-4) Mass Spectrometry and Nuclear Structure - DNP / Spectrométrie de masse et structure nucléaire - DPN - C-114

(08:45 - 10:45)

-Conveners: Garnsworthy Adam

time	[id] title	presenter
08:45	[260] TITAN ion trap experiments for nuclear structure	Prof. DILLING, Jens
09:15	[53] Multiple-Reflection Time-of-Flight Mass Spectrometry: from nuclear physics experiments to clinical applications	Mr LANG, Johannes
09:45	[250] Absolute nuclear charge radii for elements without stable isotopes via precision x-ray spectroscopy of lithium-like ions	Mr SENCHUK, Andrew
10:15	[241] Gamma-ray spectroscopy in the vicinity of ^{100}Sn	PARK, Jason
10:30	[232] Canadian Charged Particle Accelerator Consortium	ROORDA, Sjoerd
