

# ESIPAP 2014 - Module 1 - Physics of particle and astroparticle detectors

## Monday, 20 January 2014

### Experimental Astroparticle and Cosmological Physics (10:45 - 12:15)

-Conveners: Juan Francisco Macias-Perez

time	[id]	title	presenter
10:45	[0]	Full lecture notes, tutorial on CMB experiments, tutorial on LSS experiments	MACIAS-PEREZ, Juan Francisco

### Experimental Astroparticle and Cosmological Physics (15:45 - 17:15)

-Conveners: Juan Francisco Macias-Perez

# Tuesday, 21 January 2014

## Experimental Astroparticle and Cosmological Physics (10:45 - 12:15)

-Conveners: Juan Francisco Macias-Perez

## Experimental Astroparticle and Cosmological Physics: Tutorial 1. CMB experiments (15:45 - 17:15)

-Conveners: Juan Francisco Macias-Perez

# Wednesday, 22 January 2014

## **Experimental Astroparticle and Cosmological Physics (14:00 - 15:30)**

-Conveners: Juan Francisco Macias-Perez

## **Experimental Astroparticle and Cosmological Physics: (tutorial) (15:45 - 17:15)**

-Conveners: Juan Francisco Macias-Perez

# Thursday, 23 January 2014

## Experimental Astroparticle and Cosmological Physics (14:00 - 15:30)

-Conveners: Francois Montanet

time	[id] title	presenter
14:00	[14] Experimental astroparticle physics : lecture 1	Prof. MONTANET, Francois

## Experimental Astroparticle and Cosmological Physics: (tutorial) (15:45 - 17:15)

-Conveners: Francois Montanet

time	[id] title	presenter
15:45	[15] Experimental astoparticle physics : lecture 2	Prof. MONTANET, Francois

# Friday, 24 January 2014

## Experimental Astroparticle and Cosmological Physics (10:45 - 12:15)

-Conveners: Francois Montanet

time	[id] title	presenter
10:45	[16] Experimental astroparticle physics : lecture 3	Prof. MONTANET, Francois

## Experimental Astroparticle and Cosmological Physics: (tutorial) (15:45 - 17:15)

-Conveners: Francois Montanet

time	[id] title	presenter
15:45	[17] Experimental astroparticle physics : tutorial	Prof. MONTANET, Francois
