

ESIPAP 2014 - Module 1 - Physics of particle and astroparticle detectors

Friday, 31 January 2014

EXAM: experimental subatomic physics (14:00 - 15:30)

-Conveners: Marco Delmastro

time	[id]	title	presenter
14:00	[27]	Exam material	

EXAM: experimental astroparticle and cosmology physics (15:45 - 17:15)

Friday, 7 February 2014

EXAM: Interaction of particles with matter (14:00 - 15:00)

EXAM: Probability and statistics (15:15 - 16:00)

EXAM: Multivariate analysis (16:15 - 17:15)

Thursday, 13 February 2014

EXAM: Imaging and cerenkov detectors (17:45 - 18:45)

Saturday, 15 February 2014

EXAM: Muon detection (09:00 - 10:00)

EXAM: Tracking (10:15 - 11:15)

EXAM: Particle Identification (11:30 - 12:15)
