## Neutrinos II

**Session** | **Location:** University of Pittsburgh, Benedum Hall G27 | **Convener:** Ian Lewis

16:30–17:00 **Theory of Lepton Flavors**

**Speaker**

Mu-Chun Chen

17:00–17:15 **Non-Standard Neutrino Interactions in the mu tau sector**

**Speaker**

Warren Wright

17:15–17:30 **Majorana Physics in the Flavor Ring**

**Speaker**

Michael Perez

17:30–17:45 **Accommodating  $\theta_{13}$  within  $SU(5)$**

**Speaker**

Jue Zhang

17:45–18:00

**Obtaining a nonzero  $\theta_{13}$  in lepton models based on  $SO(3) \rightarrow A_4$**

**Speaker**

Wee Hao Ng

18:00–18:15 **Tests of lepton universality and lepton flavour violation in B decays**

**Speaker**

Nicola Anne Skidmore

18:15–18:30 **Exploring lepton flavor violation at an electron-electron collider**

**Speaker**

Brandon Murakami

18:30
