### Neutrinos: Parallel Session

**Session** | **Location:** Room I | **Convener:** Lisa Kaufman

16:30–16:50 **Results of T2K**

**Speaker**

Davide Sgalaberna

16:50–17:10 **Statistical issues for long baseline neutrino experiments**

**Speaker**

Mattias Blennow

17:10–17:30 **Results of Double Chooz**

**Speaker**

Frederic Yermia

17:30–17:50 **Results from the Daya Bay experiment**

**Speaker**

Xin Qian

17:50–18:10 **Sterile neutrino phenomenology**

**Speaker**

Antonio Palazzo

18:10–18:30 **Results from Borexino**

**Speaker**

Marco Giammarchi

18:30–18:50 **Results from GERDA**

**Speaker**

Neslihan Becerici-Schmidt

18:50–19:10 **Results of EXO**

**Speaker**

Lisa Kaufman

19:10–19:30

**Neutrinoless double beta decay and non-standard neutrino interactions in nuclear medium**

**Speaker**

Fedor Simkovic

19:30
